**Subject:** Allotment report

Hi Debbie  
Could this report be read out at the council meeting in March?

Allotment report 2025

The allotments did very well last year . The weather was kind and although we had to water a lot, the produce was good. All of the allotments are occupied and overall are being well cared for.

The Brownies Guides and Rangers have fun up the corner under the shade of the tall trees. They have outdoor activities and sing songs.

We have a visit planned from the garden club for this summer, the same as we did two years ago.

We have a short waiting list of people wanting an allotment , which is good. I think we provide a good facility for the community.

Sylvia Statham .  
hon. Sec. Willand Allotment Association
